

SW900 Product Specifications

Fast heating, high volume delivery gives you the fastest hydro thermal kill available

The SW 900 runs on 10L of water/minute and therefore has the ability to run 2 applicator heads simultaneously. Like the SW800, this machine is built for continuous, every-day use.

This machine is most popular among farmers, contractors and for commercial use. Plus, by switching to the Rowtech applicator the machine becomes perfectly adapted to treat row crops.
