

## SW800 Product Specifications

**Fast heating, high volume delivery gives you the fastest hydro thermal kill available**

The Steamwand SW800 model is our mid-range machine, perfect for contractors and commercial situations.

It has the same water output as the SW700 (5L/minute) but is built for continuous, every-day use. This model is most popular among councils, contractors and small scale farms.

The SW800 is available in 4 packages to suit your individual needs and budget. These can be seen on the next page.
